P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Decision Dismissing Petition under 37 C.F.R. 1.183 and Notice of Abandonment, Applicant hereby petitions the U.S. Patent and Trademark Office to revive the above-identified patent application. As recognized on page 3 of the Decision, the U.S. Patent and Trademark Office recognizes that the Applicant may revive the above-identified patent application on the basis of unintentional delay. For the reasons set forth in the Petition filed on February 16, 2006, Applicant submits that the entire delay in filing the required reply from the due date for the reply until the filing of the response on February 16, 2006 was unintentional, in that Applicant never intended to abandon the application. Accordingly, the Patent Office is respectfully requested to revive the above-identified patent application and to consider the submission filed on February 16, 2006.

Respectfully submitted,
